NCG DENSTOR C3 Smart Locker

Affordable 8-bay units
(16-bay unit also available).

Three 20-watt “fast-charge” cords in each bay (iOS, USB-C and Micro-USB). **Charge devices 70% faster** than standard 5W charging. Great for quick charging boosts.

7” Touchscreen Multi-lingual and Graphical User Interface with Voice Assistant to guide user through selecting bay and creating single-use 4-digit code. **No lost keys.**

Made with durable, industrial grade materials.

After-sales service by NCG DENSTOR’s trained staff.

C3 Smart Locker Advantages

- **Security and safety** on the job is an important employee attraction factor in today’s labor market.
- The C3 Smart Locker is a **valuable team member amenity**.
- Employees can **work productively** knowing that while their smart phone and similar devices are being charged and sanitized, their wallet, keys or other small valuables are also secure.
- **Easy to use.** Secure, self-assignable pin. No one knows the user’s code.
- Employers can better **enforce** “no smart phone use while working” **policies**.
